NJTL Goals

During the summer, the NJTL has a number of goals which we will seek to accomplish. Through our daily clinics, the NJTL instructors will provide the children with the following.

1. Tennis instruction aimed at introducing and improving tennis skills.
2. A knowledge of the rules of the game.
3. Basic scoring tips and a general knowledge of the layout of the court.
4. Participation in fun, tennis skills-related games.
5. An introduction to tennis etiquette.
6. An introduction to match play strategy.
7. A chance to make new friends and to increase physical fitness.

Above all, we hope the children have fun learning a game that they can play throughout their lives.

Summer Schedule—Monday, June 28 through Thursday, August 6 (no clinics will be held on Monday, July 5). The following schedule will be in effect every week.
Children are welcome to participate twice a week during the 6-week program
